

PROPOSED UPDATE TO BYLAW 2 – INCREASE TO EXAMINATION FEES

At the October 2022 meeting, Council approved, in principle, amendments to the College's Registration Examination Fees By-Law. The proposed amendments were circulated to the membership on November 2, 2022, requesting feedback by January 4, 2023. The purpose of the proposed amendments to the bylaw is to work towards achieving cost neutrality in respect of the Registration Examinations, meaning that the College collects the full cost of the exams from applicants. It has been and continues to be, the case that the cost of the Registration Examinations is subsidized by the general membership and is considerably below the cost of other, comparable, RHPA College Registration Examinations. To provide feedback on the proposed exam fee increase, please send your comments to info@cocoo.on.ca by January 4, 2023.
